How can we live a healthier life?

There are many things we can do to live a healthier life. For example, we can include fruit and vegetables in our meals. They are healthy and delicious. Junk food isn't good for us so we shouldn't eat it a lot. Also, try to do some exercise.

Perhaps you love swimming or football? Any kind of exercise is good for you. You could ride your bike to school. Not only is this good exercise, but it means there are fewer cars on the road and less pollution. Play games and have fun with your friends!
